

TWENTY THOUSAND RUSSIANS FALL IN PATH OF KUROKI

ST. PETERSBURG, October 16.—The latest report from the front is the story of the battle up to Saturday morning when the fighting at Shakhe was renewed with unabated vigor. The Russians are holding their positions at Shakhe.

Apparently neither they nor the Japanese are able to advance. All accounts agree that the battle of Liao Yang is already being overshadowed in fierceness and the number of casualties. It is now the sixth day of the desperate fighting and the issue is still in the balance. The feeling in St. Petersburg is one of extreme gloom and depression.

Though the Terrible Battle Has Been on for Six Days the Outcome of the Deadly Conflict Still Hangs in the Balance

By Associated Press]

TOKIO, October 16.—The latest advices are that the Russians left 4,500 dead in front of Kuroki's army alone. The Russian losses in front of Kuroki are estimated at 20,000.

Japs Routed the Russians.

TOKIO, October 16.—The following report has been received from Japanese field headquarters:

"From October 10th to October 14th the result of the five days' continuous fighting has been favorable in every

direction, while the enemy's strength was always superior.

"Not only was the enemy defeated, but he was vigorously pursued by us, our forces pressing him against the left bank of the Hun river, inflicting on him a heavy loss.

"Our casualties October 11th and 12th were fifteen officers killed and forty-six wounded, and 1,250 men killed and wounded.

Buried 2,000 Russians.

TOKIO, October 16.—General Oku reports that he found and buried 2,000 Russians before the battle of October 14th.

BOY SHOTS AND KILLS HIS SISTER

By Associated Press]

REDDING, Cal., October 15.—Lester Stowe, aged 11 years, shot and killed his sister, Rosa, aged 17 years, near Whiskeytown to-day. He claims he did not know the gun was loaded, but other members of the family hold that the boy had an ungovernable temper and that he killed his sister while in a rage.

...A Delicate Throat...

Probably you haven't had any trouble for several months, but you may have now. Cool nights and snappy mornings may bring unpleasant reminders of your delicate throat. If you grow hoarse without any apparent reason, if an ugly little hack arises, take Cann's White Pine Cough Syrup at once. It soothes and heals, it drives away that raspy soreness in the throat. Best of all it prevents those severe spasms of coughing which are so likely to produce soreness of the lungs.

DEATH OF HERMIT SEALS STRANGE MYSTERY

Special to The Journal

GARDNERVILLE, October 15.—The body of the late Charles Weathers, the hermit of Pine Nut, was brought here to-day from the lone dugout of the old recluse. Weathers was about 70 years of age and had lived the life of a recluse for many years. He was once arrested for cattle stealing and sentenced to the penitentiary. Upon being released he was a changed man, suffering, as he said, from a great wrong. In this condition he went to Pine Nut, constructed his dugout, and made that place his lonely home until the day of his death.

QUARTER MILLION DOLLAR LUMBER DEAL

By Associated Press]

PORTLAND, Or., October 15.—For a consideration of \$250,000 a deal in lumber was consummated to-day whereby a half interest was sold in the holdings of the Booth-Kelly Lumber Company of Eugene, Oregon, to Michael H. Kelly of Duluth, John W. Blodgett of Grand Rapids, Michigan, C. D. Dannaher of Chicago, and Arthur Hill of Saginaw, Michigan.

Although new blood is now interested in the great lumber concern, the management of its immense interests will remain, as formerly, in the hands of Fred H. Buck of San Francisco and A. A. Booth and Kelly Bros. of Duluth. A portion of the purchase price has already been paid.

AGAIN HAS VICTORY PERCHED ON BANNER OF SAGEBRUSH STATE

AFTER the football game between the Nevada State University and the Olympic Club of San Francisco on the campus yesterday the friends of the Sagebrush boys certainly have cause to feel proud. It was a nobly fought game from beginning to end. Time and again the University team showed its ability to outplay the heavy weights from the bay city. In only one place is the team weak; that is in getting into the play in line bucks. This fault, however, will be overcome this week and Nevada may be depended upon to make a good showing in the approaching California contests.

In a Nobly Fought Football Game the Olympic Team Goes Down to Defeat Before Sturdy Players of Nevada by Score of 8 to 5

In one of the hardest and most stubbornly contested football games ever played on the university athletic field, the University of Nevada eleven defeated the Olympic club team of San Francisco yesterday by a score of 8 to 5. The game was full of sensational runs by the Nevada half backs, long bucks by Abe Steckle, the Nevada full back, and superb line bucking and hurdling by the Olympic backs. Nevada made her first touchdown six minutes after play started and a safety near the end of the second half.

A large crowd was present and the Nevada rooters did some excellent work, under the direction of Yell Leader Taylor, in cheering their men on to victory. The Nevada quarter used poor judgment a couple of times in not kicking on the third down, and Coach Shorts, was heard to say that if these mistakes had not been made Nevada would have made a much larger score.

Summing up the whole game, Nevada had the best of it throughout, and had the ball dangerously near their opponents' goal several times, but failed to score. Through a series of bucks in the first half Olympic advanced the ball for forty yards, but lost it on downs within a foot of the Nevada line. The Nevada line was in danger several other times, but it was not until late in the second half that the visiting team succeeded in making a touchdown.

FIRST HALF.

Olympic kicked off to Nevada. Hart caught the ball and advanced it thirty yards. Frisell went around the end for forty yards more. Fullback Abe Steckle then took the ball and by straight plunges and hurdles over center placed the ball behind Olympic's line for a touchdown. Frisell kicked a goal. Score, 6 to 0.

The pigskin is taken to the center of the field and Nevada kicks off. Bishop, the Olympic fullback, catches the ball and the visiting team immediately begins a series of bucks, which carry them within one foot of the Nevada line. Nevada holds and prevents a touchdown. Olympic loses five yards on off-side play and James Hart, the Nevada halfback, makes a twenty-yard run. The half ends with the ball in the center of the field and score 6 to 0.

SECOND HALF.

Nevada kicks off. Olympic fumbles ball and Mooney is downed on Olympic four-yard line. Olympic kicks forty yards. Frisell catches the ball and runs it back thirty yards. Nevada loses ball on a fumble and Bishop takes it thirty yards on end run. Mooney carries fifteen yards more on

and run. It is bucked to Nevada's five-yard line. Captain Smock of Olympic team leaves the field with sprained ankle, and Hooper goes into the game. Olympics carry the ball over for a touchdown, but fail to kick the goal. Nevada, 6, Olympic, 5.

The ball is kicked off to Nevada and is advanced by bucks and runs to Olympic line. Olympic gains possession of it and tries to kick, but the ball is blocked and Nevada scores a safety. Score: Nevada, 8, Olympic, 5.

The remainder of the half was taken up in hard line bucking by Nevada.

"JOHN SPARKS' LABOR RECORD"

UNDER the above caption the Gazette propounds a number of questions, which The Journal will answer in the order in which they are presented:

First—"How many union men at union hours does he employ?" We do not know the exact number of men now working at the Wedekind mine, but whatever the number they are all working union hours and paid union wages.

Second—"Where are they employed?" At present at the Wedekind mine which is the only mining or other property owned by Governor Sparks, where labor is subject to union regulations. In the prospecting operations in which he has been engaged the men employed have always worked at union hours and secured union wages.

Third—"How long did he run the Wedekind mine working his men nine hours at non-union wages?" As soon as he obtained possession of the Wedekind mine he raised the wages of his men to the union rates, although there was no union organized at Wedekind until after he was elected Governor.

Fourth—"What lapse of time was there between John Sparks' candidacy for the Governorship of Nevada and the unionizing of the Wedekind mine?" As before stated the mine was practically unionized in the matter of hours and wages the moment Governor Sparks obtained possession which was long before he thought of being a candidate for Governor.

Fifth—"Previous to his candidacy for Governor, what was John Sparks' labor record?" Previous to his purchase of the Wedekind mine, John Sparks was engaged only in the cattle and ranching business, the labor connected with which is not subject to union rules or regulations. He, however, paid as high wages to his employees as any man in the same line of business in the state, and of the treatment of his men the Gazette can procure the requisite information from any man who was ever in his employ.

Sixth—"Before he became a politician, how many union men at union wages did he ever employ?" John Sparks never was and is not now a politician in the sense that that Gazette's inquiry would imply. The rest of the matter in the above sentence is explained in the replies to the Gazette's previous questions.

The Gazette says:

"We challenge successful contradiction of the statement that John Sparks' labor record is any better or as good as that of hundreds of other men in the state of Nevada and that it is based upon any other tangible fact than that he signed the eight-hour law which practically passed the Nevada legislature unanimously and had he vetoed it it would have been passed over his veto, and that he sent \$100 to the striking Colorado miners."

The Journal does not claim that Governor Sparks' labor record is better than that of many others in the State, but it does claim that it is a thousand times better than George S. Nixon's and that it will bear a favorable comparison with that of any public man or private citizen within the boundaries of the commonwealth of Nevada. In addition to the \$100 sent to the Colorado miners Governor Sparks suffered the suffering

cerning coin par pleased to furnish it, so shove in your interrogatives, but to make it a little more interesting please make your questions a little harder than those above quoted.

COMMONER CRUMBS

Governor Wright of the Philippines says that "continued talk of Filipino independence has its effect here, meaning that it makes 'benevolent despotism' all the harder. It certainly has the effect of keeping the carpet-baggers warmed up."

The Republican platform of 1860 denounced "democratic extravagance" and demanded a return to "rigid economy." In 1860 the per capita expense of the government was \$2. In 1904, under Republican rule, the per capita expense of the government is \$7.14.

Ex-Senator Peffer is now supporting Roosevelt, and a lot of Republican organs have suddenly become convinced that Mr. Peffer is a student, a philosopher and a patriot, instead of a "blithering mouthpiece of calamity" and a "croaking prophet of evil and misfortune."

Already there is talk of hiring coolie labor on the Panama canal. This is another species of "protection to American labor" that we read so much about in the administration papers owned by giant trusts that avail themselves of foreign contract labor at every opportunity.

Is it not a rather poor argument to say that the Filipinos are too ignorant to be independent, and in the next breath complain about their newspapers printing long editorials on the question of independence. A people having newspapers is a people rather well fitted for independence.

A PLEA FOR JUSTICE.

WO cases have recently been decided in the courts of Iowa. A man stole some chickens and was given six years in the penitentiary; a bank president of the same state stole \$54,000 and was tried and found guilty and sentenced to eighteen months in the penitentiary. The two men are serving out their sentences in the same penal institution.

In all probability the stealing of the chickens occasioned no want, no suffering, no tears, but it was not so with the bank president; the money that he took was the saving of many a poor woman who toils to save up a few dollars for old age; of men who labor in season and out of season.

It is such decisions as these that give rise to lack of confidence in those holding high positions and furnish reason for the spread of socialism.

HISTORY OF THE NEWLANDS BILL

Facts Showing How Nevada's Senator Framed the Act Doing So Much for State

Editor Journal—The Gazette inquires, "Why is the irrigation law called the Newlands bill?" and insists that it should be called the Hansbrough bill, because a bill similar to that introduced by Mr. Newlands in the House was subsequently introduced by Mr. Hansbrough in the Senate.

The answer is clear to anyone who has read Mr. Van Duzer's speech giving a history of the Newlands irrigation bill or William B. Smythe's statement regarding it. It is called the Newlands bill because Mr. Newlands framed it. After it was framed and introduced by him in the House the Senators and Representatives from the arid States approved it and requested Mr. Hansbrough to introduce it in the Senate, which he did.

By the by, Mr. Editor, isn't it rather queer that the Gazette and the Carson News should be so busy in proving this bill to be either Mr. Hansbrough's or Mr. Roosevelt's bill? When it was passed two years ago they used to denounce it by the name of the Newlands bill, and insisted that it would never do Nevada any good; that under it Nevada could only secure the application of about \$7,000 a year to irrigation construction, this amount being the proceeds of public land sales in Nevada. They never hesitated then to call it the Newlands bill, but when they found out that under it millions of dollars would be expended in this State in large irrigation projects they began to look for a Republican name for it, and so at times they say that Mr. Hansbrough is entitled to the credit for it and at other times they say that Mr. Roosevelt is entitled to the credit for it.

They ignore the fact that the irrigation bill, as the Democratic platform declares, was framed by a Democrat; that it was approved by the Democratic Congressional committee, and that it was passed in the House by a vote the majority of which was Democratic. They ignore the fact that during the entire time the bill was under discussion in Congress it was uniformly called the Newlands bill by the press of the country. Mr. Van Duzer in his speech says that this was as bold a piece of political larceny as was ever attempted in any political campaign in the history of this country.

IN DEFENSE OF THE UNIVERSITY

President Stubbs Urges That the School on the Hill be Kept Out of Politics

To the Editor of the Journal—Will you permit me to say through the columns of the Journal that it is entirely wrong for any newspaper to bring the university into the present political contest? The reasons for this are many. The university, as a university, keeps entirely clear, both in respect to its students and its faculty, from the ordinary party struggles. Each individual member of the university is encouraged to determine the issues and the men carefully and dispassionately and then vote as his conscience and his intelligence dictate. While the university encourages this as the highest duty of the individual, yet it just as emphatically discourages on the part of the university any participation in party strife.

The article that appeared in a recent issue of the Journal was of a character to do considerable harm to the students of the university. Now, as a matter of fact, the person alleged to have been approached by certain men interested in the Republican campaign was not a student of the university. Mr. Flanagan's denial, over years, he is not a graduate of the university. Mr. Flanagan's denial, over his own signature, in the Gazette of October 12th is a complete refutation of the charge so far as he is concerned. Very respectfully yours,

J. E. STUBBS, President.

BURGLAR ROBS GROCERY STORE

Thief Enters Building on South Virginia Street and Gets Considerable Booty

A midnight thief entered the grocery store owned by Frank Rodgers on South Virginia street some time Friday night and succeeded in breaking into the safe and getting all of the cash in it. There was only about five dollars in the safe, but the thief also stole a gold watch and chain worth \$40. He then took two hams and some groceries and made his escape. The entire loss amounts to nearly \$100. The thief entered the building by unlocking the front door of the store. He also unlocked the safe which has a "four combination" lock. He must have been familiar with the store and the officers cannot understand how he obtained the combination on the safe. After opening the outer door of the safe the burglar broke the wooden partitions and secured the cash box.

The matter was reported to the police yesterday morning about 8 o'clock and they worked on it during the day, but as yet have made no arrests. There is not the slightest clew as to who the robber was and he will probably never be captured.

Saved His Life

J. W. Davenport, Wing, Ky., writes June 14, 1902: "I want to tell you I believe Ballard's Snow Liniment saved my life. I was under the treatment of two doctors, and they told me one of my lungs was entirely gone, and the other badly affected. I also had a lump in my side. I don't think that I could have lived over two months longer. I was induced by a friend to try Ballard's Snow Liniment. The first application gave me great relief; two fifty-cent bottles cured me sound and well. It is wonderful medicine and I recommend it to suffering humanity." 25c, 50c, \$1.00. For sale by T. R. HOSPITAL FOR RAILROAD MEN

The Construction of an Emergency Hospital at Sparks to Begin in a Short Time

The emergency hospital which the railroad employees of Sparks have long recognized as one of the chief needs of the town will soon be built. It will occupy a prominent position near the company's depot and will be large enough to accommodate all the sick employees.

The recent visit of Dr. F. K. Amstutz, chief surgeon of the Southern Pacific company to Sparks was for the purpose of looking over the ground in order to choose a site for the new hospital. On his return to San Francisco he probably carried with him all the plans for the building although no notice of it has been received at headquarters. The work of erecting the building will be begun as soon as all arrangements have been completed, which will be at no distant day.

Dr. J. A. Ascher, who has successfully held the position of surgeon for the Southern Pacific company at Sparks, will have charge of the new hospital when it is finished.

The labor on the building will be performed by the reconstruction department of the company. They have done the work on the rest of the buildings.

With Her Parents

Mrs. Teeple and daughter of Elmhurst, California, are recent arrivals in Sparks. They will take up their residence in Sparks with Mrs. Teeple's father, W. R. Turner.

LARGE CROWD ATTENDS PLAY AT M'KISSICK'S

"On the Bridge at Midnight" was presented at the opera house last evening and although there were several social affairs going on, the house was well filled. The piece was well played and all who saw it declared it to be very entertaining. It is full of fascinating scenes, and there was always something to keep the audience at the highest pitch of excitement.

The great "knife" bridge scene was exciting and drew much applause from the audience.

Large Attendance

Mr. A. F. Alkinson of the Nevada Business Institute reports the attendance at that institution in both day and night classes, as the largest. He has to order additional furniture. He has to order additional furniture and more typewriting equipment.

Shoe Factory to Be Enlarged.

William Fleet of the Reno Shoe Factory left for San Francisco last evening. He goes to secure new stock and machinery. Mr. Fleet intends enlarging his factory and installing additional machinery.

THERE will be a special meeting of Reno Lodge, No. 18, F. & M. for work in the third degree Monday evening October 17, 1904, at 8 o'clock. All members are requested to be present. Visiting brethren are especially invited. By order of the W. M.

PRELIMINARY EXAMINATION

Two Witnesses Are Examined and the Case Is Continued Until This Morning

The preliminary examination of Joe Belcher, who shot W. S. Field last Thursday in the Oberon saloon at Sparks, took place before Judge Pollock at 4 o'clock yesterday afternoon. District Attorney W. H. A. Pike represented the State, while E. L. Williams appeared for the defense. A large number of witnesses had been summoned but only two of them were able to testify because of the lateness of the hour at which the court convened.

W. S. Field, the man who was shot, testified in his own behalf and Dr. G. A. Ascher gave expert testimony for the prosecution. When these witnesses were examined, court was adjourned until 9 o'clock this morning, when the case will be continued.

On an Extended Visit.

Reuben Long, and old-timer of this section leaves this morning for Dixon, California, where he will spend some time visiting his daughter. He will then go to Berkeley on a visit to his sister whom he has not seen for the past twenty years.

Ordered to the Hospital.

Chester Epperson, an employee of the Southern Pacific company, has been ill for some time. He will leave in a few days for the railroad hospital of the Southern Pacific company at San Francisco. His mother will accompany him on the trip.

ESTATES HEARD IN THE DISTRICT COURT

The estate of Thomas Wren, deceased, was taken up in the District court yesterday at the morning session and the petition for distribution of the property was heard. The court ordered that notice be given that the property would be sold and for any one having objection to appear and show cause.

The estate of J. P. Winfrey, deceased, was taken up by the court, and the final account was allowed, settled and approved. Court was then adjourned until Monday morning at 10 o'clock.

A Judicious Inquiry

A well known traveling man who visits the drug trade says he has often heard druggists inquire of customers who asked for a cough medicine, whether it was wanted for a child, or for an adult, and if for a child, they almost invariably recommended Chamberlain's Cough Remedy. The reason for this is that they know there is no danger from it and that it always cures. There is not the least danger in giving it, and for coughs, colds and croup it is unsurpassed. For sale by all druggists.

WESTBOUND TRAINS LATE

Tremendous Business Now Being Handled by the Company the Cause of Delay

For the past week all westbound trains have been late. This has been due to the large number of passenger trains which are now being run over the road.

Ever since the recent washouts on the Santa Fe route all passenger trains belonging to that company have been running over the Southern Pacific road. As this will continue for some time, we can expect no improvements for a while at least. All this immense business has been the cause of all the trouble. The special colonist trains which have been placed on the road by the company for the purpose of developing the West have impeded traffic to a great extent. Nearly all these trains have passed over the road.

dent Addresses Visiting Club Members at Esopus

By Associated Press]

ESOPUS, October 15.—Judge Parker to-day addressed two visiting delegations on political issues, making his second speech of the campaign. The delegations numbered about 120 men, representing the Parker Independent Club of Avon Beach and the Regular Democratic Club of Long Island.

The Philippine question was discussed by the visiting speakers. Parker said in reply:

"I have before said that we may disregard the responsibility imposed upon us by possession of the Philippines. This means independence for the Filipinos in the fullest sense of the word. When prepared they may govern themselves, as the Cubans do, unassisted, unless asking help; untrammelled by our politics and unencumbered by our politicians. In fact, absolutely uncontrolled by us."

"The Republican platform says that fifty years ago the Republican party came into existence dedicated, among other purposes, to the great task of arresting the extension of human slavery."

"Arresting the extension of human slavery! That sounds well, but it speaks of the virtue of another generation. All leaders of the Republican party of that day have passed away. In their places have come very different men. We need not point to that which principally differentiates them. It readily suggests itself."

ELKS HONOR MEMORY OF DEPARTED BROTHER

S. D. Brastow, superintendent of Wells, Fargo & Company's express, and A. C. Christeson, manager for the same company, arrived in Reno last evening from Tonopah, Goldfield and Columbia. They went into the new camps with a view of improving the express service and also looking into the conditions of the camps. Mr. Brastow is enthused over the new country. In an interview last evening he gave it as his opinion that there has been nothing like it in the west in many years.

"I have been in every camp in the western country during the past forty years," he said, "and I can candidly say that Tonopah, Goldfield and Diamondfield are the greatest camps of them all, and in my opinion there will be more of them. People are flocking in at the rate of one hundred a day. They all have money and apparently much money is being taken out in every camp."

The gentlemen continued on to San Francisco last evening.

SPRINGVILLE, Utah, October 15.—In his speech at the Parker and Davis meeting here to-night, William D. Smythe of California arraigned the Republican party for its extravagant military and naval policy, which he declared to be distinctly European instead of American. He said that though we are at peace, the cost of the Roosevelt administration already exceeds that of McKinley's during the war time by \$211,000,000. But if the country is to adopt the methods outlined in the President's letter to Elihu Root on the occasion of the Cuban anniversary, regulating the affairs of South American republics whenever they fail to keep order, to pay their debts or to continue prosperous, then we must have a military and naval establishment far in excess of our present equipment.

The speaker quoted the recent address of John W. Foster, who succeeded Blaine as Secretary of State in Harrison's administration, in which this distinguished Republican said he looked with deep concern upon the increase in the navy and hoped Secretary Morton had not been correctly quoted in saying that we are to go on with this amazing increase until we have the greatest navy in the world. Mr. Foster declared that we ought to give our thought to other and far more peaceful pursuits, instead of rivaling Europe in making instruments of destruction and death.

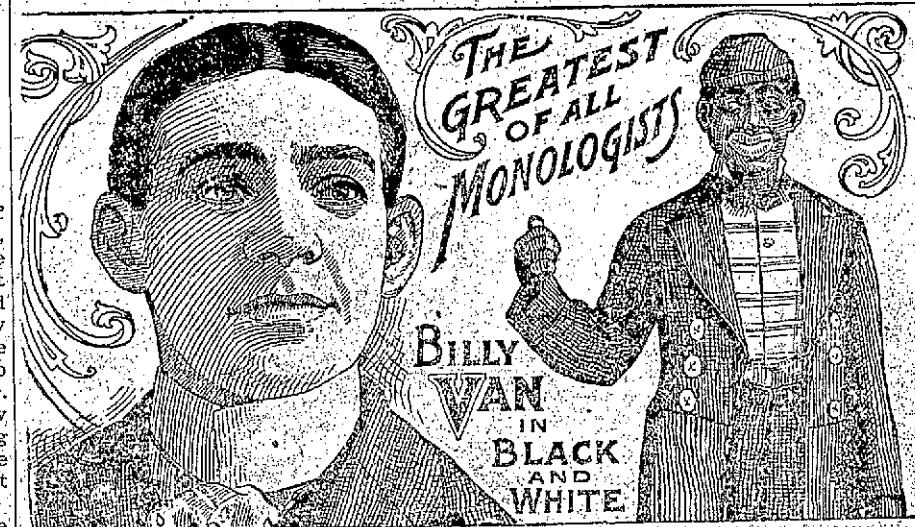

"The cost of the navy in 1891," said Mr. Smythe, "was \$23,000,000. The highest point reached in the Spanish war was \$64,000,000. In the last year of McKinley's rule there was a decrease of several millions, but this year the navy item reached to \$98,000,000, and still the cry is for a bigger armament until at last we have the biggest."

"For irrigation we have about \$25,000,000, accumulated from three years' public land sales. In other words, we are spending a little over \$8,000,000 in making homes for the army of peace, enlisted for the building of the Republic, while we spend nearly \$100,000,000 on a single branch of the army of war, enlisted for the building of an empire."

Is it not maddening to behold this waste of the people's treasure when so much needs to be done for humanity here at home?"

The speaker declared that the overshadowing issue of the campaign is the military spirit which dreams of the United States as a world power after the European fashion. Instead of a great peace-loving republic whose mission it is to work out on this continent the highest civilization for our own race and nationality.

HAVERLY'S MINSTRELS WEDNESDAY NIGHT

Among the season's special offerings at McKisick's opera house October 19th what will no doubt prove to be a record breaker will be the forthcoming appearance of W. E. Nankeville's Haverly's Minstrels. This season's register, numbering over half a hundred, is composed of the absolute masters of this popular form of entertainment, headed by that unique comedy star, Billy Van, the highest salaried minstrel comedian of modern times, with popular Jimmy Wall as a close second. These two gentlemen are in the foremost ranks of minstrelsy, both of whom have headed their own organizations at various times. There are in all twelve, end men introduced in the first part, which includes besides the two above mentioned minstrel celebrities Messrs. Van and Wall, Eddie Mazier and Andy Jenkins, two bright entertainers with brilliant careers. This unusual comedy contingent presents a series of song and story of recent issue, while the vocal department, of whom Franklin A. Battle, W. A. Wolfe, William Moore, Walter Dorsey, Joe Mitchell and Sam Nankeville are the principals, are the possessors of fresh voices, showing careful study and cultivation, and will be heard in a succession of popular high class ballads, ably assisted by a carefully selected chorus of sixteen.

Saved His Life

J. W. Davenport, Wings, Ky., writes June 14, 1902: "I want to tell you I believe Ballard's Snow Liniment saved my life. I was under the treatment of two doctors, and they told me one of my lungs was entirely gone, and the other badly affected. I also had a lump in my side. I don't think that I could have lived over two months longer. I was induced by a friend to try Ballard's Snow Liniment. At the first application gave me great relief, two fifty cent bottles cured me sound and well. It is wonderful medicine and I recommend it to suffering humanity." 25c, 50c, \$1.00. For sale by T. R. Cheatham, druggist.

Miss Maud Patterson will leave this evening for Wadsworth, where she will visit for a couple of weeks with Dr. and Mrs. Kistler.

Some Seasonable Advice

It may be a piece of superfluous advice to urge people at this season of the year to lay in a supply of Chamberlain's Cough Remedy. It is almost sure to be needed before winter is over, and much more prompt and satisfactory results are obtained when taken as soon as a cold is contracted and before it has become settled in the system, which can only be done by keeping the remedy at hand. This remedy is so widely known and so altogether good that no one should hesitate about buying it in preference to any other. It is for sale by all druggists.

Mrs. Mary Moses returned yesterday from Park City, Utah, where she has been visiting friends and relatives.

Score of 6 to 5

By Associated Press]

BERKELEY, Cal., October 15.—When the game between the Stanford and California Freshmen football teams ended to-day the score stood 6 to 5 in favor of Stanford. A dispute was raised, however, over a play made by the victors and an appeal from the decision will be made to the national committee.

Incessant punting and long end runs made the game spectacular. Stanford out-punted California, but the latter were stronger in line bucking and end running.

Penton, captain and quarterback for Stanford, was the star player of the day while Sperry for Berkeley did effective line smashing. Five thousand saw the game.

The Stanford boys tried to steal California's big pennant from a flag pole during the game and succeeded in getting away with it, but they were overhauled and the flag captured.

During the game L. R. Buddemer of Portland dropped dead while watching the play.

Will Be Buried at Home.

The remains of the late Miss Hattie Weldon, who died on train No. 4 between this city and Verdi yesterday morning, were embalmed by Perkins & Oliver and shipped on No. 4 last night to Wabasso, Minn. A. J. Weldon, the dead girl's father, accompanied her remains.

"GREATEST CAMPS IN THE WEST TODAY"

Reno Lodge 597, B. P. O. E., held memorial services in their club house on First street last evening to the memory of Meade B. Detwiler, who was a Past Grand Exalted Ruler of the order, and was one of the most prominent Elks in the United States. The services were held in honor of his birth and a very large number of Elks were present.

All of the lodges in the United States held services in honor of the departed Elks' birth last night. After the services last evening a banquet was served in the banquet hall of the large club house.

Entertained Football Men.

The students of the university gave a social dance last night to the members of the Olympic football team. Nearly all of the visitors and all of the students attended and made merry until a late hour of the evening, when all of the college men bid the clubmen good-bye with three hearty cheers.

Some Seasonable Advice

It may be a piece of superfluous advice to urge people at this season of the year to lay in a supply of Chamberlain's Cough Remedy. It is almost sure to be needed before winter is over, and much more prompt and satisfactory results are obtained when taken as soon as a cold is contracted and before it has become settled in the system, which can only be done by keeping the remedy at hand. This remedy is so widely known and so altogether good that no one should hesitate about buying it in preference to any other. It is for sale by all druggists.

Manager Pete Smith Tells How Nevada Should Battle Stan- ford and California

Manager Pete Smith of the Olympic football team was well pleased with the game yesterday and said he thought Nevada had a good chance to score against both Stanford and Berkeley and probably defeat Berkeley. He was surprised at the fine team work displayed by Nevada, but said he thought the individual players on Nevada's last year's team were much better than those on the present eleven. In speaking of Nevada's work, he said:

"The team work of the Nevada team is excellent, but the individual players are not up to those of the former team. The team is very poor at defensive, as the Olympic backs were light in yesterday's game and should not have been able to make such long bucks through the Nevada line. The generalship of the Nevada quarter was also very bad at times. He might have saved the touchdown against his team had he kicked on the third down, as he should have done. He also failed to kick at other times during the game, when a kick would have been of great advantage to the Nevada team."

"Coach Shorts is one of the best instructors in football on the coast, and had the Nevada team followed his instructions we might have been defeated by a larger score. Nevada is good on mass plays and at end runs, but the left tackle is weak and this position should be attended to before the team leaves for the coast."

"In regard to the game with Stanford, I think the score will be six to nothing in favor of the Stanford team. Nevada may improve considerable before then, however, and be able to score. Stanford makes all of her plays outside of tackle, and for this reason I believe Stanford will go through the line. Stanford will make several of these bucks outside of tackle, which are really mass plays, as the man with the ball is unable to be seen and is whirled out of the mass when the buck hits the line. After three or four bucks, unless the Nevada ends are wise, they will rush in to back the buck up, when the quarterback will take the ball and, with one man for interference, make an end run. Nevada's ends want to be very careful of this and never run in to back these bucks up. Nevada can easily run Stanford's ends and should resort to this means of gaining ground."

"In the game with Berkeley, Nevada should buck over the tackles, as this is where California is weak, although the California players think they are strong at this point. Berkeley is not putting up as good a game as Stanford and Nevada ought to win."

"In reference to the game between Stanford and California on Thanksgiving day, I may say that I think Stanford will win. Of course the Cardinal team may have an off day and lose, but for good straight playing Stanford is the better team."

It Matters Not

Whether Roosevelt or Parker is elected to the Presidency you will want good underclothing to stand the campaign of cold weather. Wives will do well to caution their husbands to call at our store and get their supply as we have the goods that will suit the person and purse. Children, too, are in need of those garments that will make them happy at school. Mothers do not neglect yourselves. You have the care of the whole family and need your health to look after the rest. Buy the best goods and thereafter be happy. Do not put it off, come this week. We are always ready to wait on you for your wants. Our prices will appeal to you. Novelty Dry Goods Store.

F. T. Shoonmaker, a Traveling Man, Accused of Spending Coin of Hall-Luhrs Co.

C. T. Shoonmaker, who has been traveling for Hall, Luhrs & Co., a wholesale firm of Sacramento, was arrested by Constable Wilson at Sparks yesterday afternoon on a charge of embezzlement preferred by the company. The company alleges that the defendant has embezzled nearly \$700, but he is only charged with embezzling \$173, which he collected of C. Novacovich of this city. The complaint was made out by District Attorney Pike and was sworn to by Albert D. Ayers of the firm of Cooke & Ayers, who represent Hall, Luhrs & Company.

The accused man was brought to this city late yesterday afternoon by Constable Wilson and was released on bonds. He will have his preliminary examination later in the week, as the District Attorney is busy at present conducting an examination at Sparks. Shoonmaker took the place of Andy Hampel, the well-known drummer. He has been in Reno for several weeks and during nearly all the time he has been here has been on a spree and from all appearances has been spending considerable money. It was known several days ago that Shoonmaker had spent the money belonging to the firm, but it was thought that he would replace it and no charge was made against him until yesterday.

"Life of Columbus"

The "Life of Columbus" is being depicted by the moving pictures at the Unique. It will be seen this afternoon at the matinee and again this evening. The scene is a lengthy one and interesting throughout. This is the last night of the child comedians, Inez and Odie.

A Proud Papa

William Wilson, linotypist on The Journal, refused to work yesterday. Early in the morning he received a message from Carson containing the joyful news that "Bill" is a papa, and it's a boy. The little visitor arrived at the Wilson home yesterday morning. Mr. Wilson is expected in Reno tomorrow.

Better Than Pills

The question has been asked—In what way are Chamberlain's Stomach and Liver Tablets superior to the ordinary cathartic and liver pills? Our answer is—They are easier and more pleasant to take and their effect is so gentle and so agreeable that one hardly realizes that it is produced by a medicine. Then they not only move the bowels but improve the appetite and aid the digestion. For sale at 25 cents per bottle by all druggists.
